FLOOR DEBATE

May 7, 2001

LB 620

it's later this afternoon, Senator Chambers will allow us to substitute for one of his amendments and we'll bring the amendment to you. So if you had remembered that discussion on General File and were wondering why we weren't going to talk to you about audits immediately in the Invest Nebraska Act, that is the explanation. But I do expect that we will jointly be able to propose an amendment to you later on; and with Senator Chambers' cooperation, ask you to consider it. With that, Mr. President, I would ask that we pass over AM1477.

SENATOR CUDABACK: You're asking to pass over?

SENATOR WICKERSHAM: Yes.

SENATOR CUDABACK: It is passed over. Mr. Clerk.

CLERK: Senator, may I inquire, you had an amendment to that, too. Do you want to pass that over or does that...

SENATOR WICKERSHAM: Yes.

CLERK: Pass over or does that go away if I may?

SENATOR WICKERSHAM: Yes. Or if you'll withdraw it, I'm sorry. Just withdraw that amendment.

CLERK: Okay, that's very helpful, thank you.

SENATOR WICKERSHAM: Yes, thank you.

SENATOR CUDABACK: The amendment to the amendment is also withdrawn.

CLERK: Mr. President, the next amendment to the bill, Senator Kristensen, I have AM1511. Senator, I have a note you want to offer as a substitute AM1848. (Legislative Journal page 1825.)

SPEAKER KRISTENSEN: Yes, Mr. Clerk, that's correct.

SENATOR CUDABACK: No objections, so ordered.
